ABOUT US

Introduced in 2002, Nibav is a pioneer in manufacturing patented Air-Driven lifts by incorporating unparalleled engineering excellence and state-of-the-art Vacuum Elevation System.

2000+
EMPLOYEES

55+
EXPERIENCE CENTERS

**THE COMPLETELY
KNOCKED DOWN FEATURE**

The logo consists of the letters 'CKD' in a bold, green, sans-serif font. To the right of the text is a large, light gray graphic element that resembles a stylized 'C' or a partial circle, with a horizontal line extending from its right side.

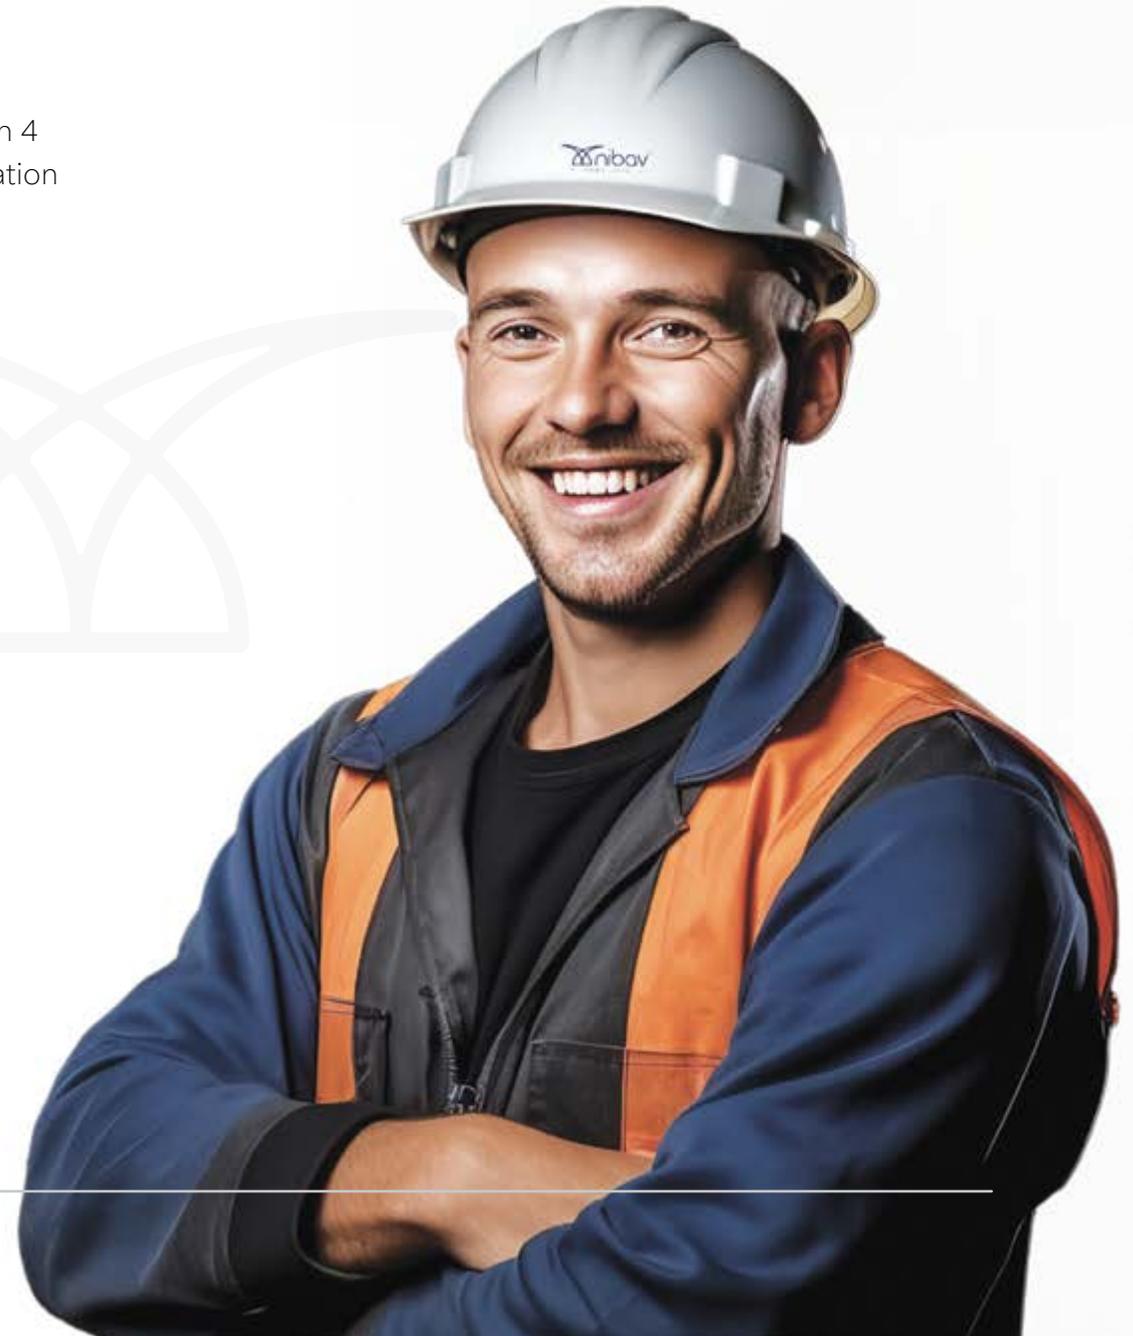

With its unique ability to be 'Completely Knocked Down' and move from one location to another, Nibav Lifts are perfect for you to plan a change of home layouts, locations or even add additional stops to your existing lifts. Our lifts are designed to grow with you and your family and are easy to install, operate, and maintain, making it a convenient and hassle-free addition to your home.

INSTALLATION WITHIN 4 TO 5 WORKING DAYS

Nibav Lifts offer a swift installation process, fully operational in 4 to 5 working days. Enjoy minimal disruption and quick integration with our efficient setup.

4 TO 5
WORKING
DAYS

COMMITMENT

Engineered to use air, Nibav Lifts are easy to install and have a panoramic design, perfect for both retrofit and new construction projects. Manufactured in accordance with European Standards, we at Nibav are committed to delivering excellence.

PROMISE

At Nibav, we promise to deliver the finest mobility solutions that combine luxury features with affordability. Our commitment ensures that every customer enjoys top-notch quality and unparalleled convenience without compromising on elegance or cost-effectiveness.

WORLD'S LARGEST AND SAFEST AIR-DRIVEN HOME ELEVATOR

Nibav Lifts presents the world's largest air-driven elevator, combining spacious design with cutting-edge technology for unmatched efficiency and comfort. Experience the pinnacle of air-driven performance in our expansive, state-of-the-art cabin.

S4 STANDARD

Maximum Stops	: 4 Stops (G+3)
Max Travel Height	: 13500 mm / 531 in
Capacity	: 210 kg / 462 lbs
Clear Space Required	: 1000 mm / 39.3 in
Internal Cabin Diameter	: 830 mm / 32.7 in
External Cylinder Diameter	: 933 mm / 36.7 in
ROS	: 72%

S4 MAX

Maximum Stops	: 4 Stops (G+3)
Max Travel Height	: 13500 mm / 531 in
Capacity	: 240 kg / 529 lbs
Clear Space Required	: 1430 mm / 56 in
Internal Cabin Diameter	: 1240 mm / 48.8 in
External Cylinder Diameter	: 1363 mm / 53.7 in
ROS	: 77%

ROS measures the efficiency of space utilization, indicating the percentage of an elevator's footprint that is returned as usable cabin space.

AESTHETICS:
INTERIOR, EXTERIOR AND HEAD UNITS

FAN SPEED CONTROL

Custom Breeze, Your Comfort

Experience personalized comfort with Nibav Lifts' adjustable fan speed control. Tailor the airflow to your preference, ensuring optimal comfort in your elevator ride, whether you seek a gentle breeze or an increased ventilation.

LIGHTING PACKAGE

Set the Perfect Scene, Every Time

Enhance your environment with adjustable lighting options tailored to every need and preference. Whether crafting a tranquil setting for relaxation or energizing the space for lively events, our mood lighting package provides a range of colors and effects perfect for any occasion.

NON CLAUSTROPHOBIC

Surround Vision, Expanding Horizons

Now you can experience openness like never before with Nibav Lifts. Designed with a 360-degree panoramic view, our elevators ensure a spacious, light-filled journey, eliminating feelings of claustrophobia.

PANORAMIC CABIN

Clear Views, Elevated Style

Discover unobstructed views with Nibav Lifts' Panoramic Cabin. Designed to maximize visibility, this feature offers a seamless, glass-enclosed space that provides a full, panoramic experience. Elevate every ride with breathtaking vistas in a modern, open-concept design.

HYBRID SHAFT

Seamlessly Integrating with Every Style

Step into versatility with Nibav's hybrid shaft, meticulously crafted from a refined blend of aluminum, galvanized steel, and sleek polycarbonate glass, ensuring our lifts integrate seamlessly into any property, be it brand new or vintage.

CARBONIC GLOSS HIGHLIGHT

Contrast with Brilliance, Carbonic Gloss Highlight

Add a touch of modern sophistication to your lift with Nibav's Carbonic Gloss Highlight. This feature offers a sleek, high-gloss finish that enhances the visual appeal of your elevator, creating a striking contrast that captivates and impresses.

CABIN FLOORING

Step into Softness, Rise in Luxury

Experience unparalleled luxury and comfort with Nibav Lifts' premium New Zealand wool carpeting. Sourced from the finest wool, this carpet not only enhances the interior aesthetics of the lift but also provides superior durability. Enjoy the added benefit of wool's natural hypoallergenic properties, ensuring a healthier environment.

LEATHER BASE FINISH

Sleek Design, Timeless Appeal

The cabin pillar base is available in various leather finishes, adding a touch of timeless elegance to your space. This luxurious addition features supple leather that complements any setting beautifully.

ACCENT COLOR

Revitalize Your Space

Set against Nibav Lifts' sleek black and modern finishes, the golden accents infuse the environment with a warm and vibrant energy. Strategically placed, these highlights add a dynamic visual interest to the space, ensuring an engaging atmosphere throughout.

INDIRECT AMBIENCE LIGHT

Lighting Your Way, Subtly and Elegantly

Nibav Lifts enhance your experience with Indirect Ambience Lighting, designed to create a subtle, warm glow that transforms the atmosphere of your cabin. This carefully curated lighting not only improves visibility but also enriches the aesthetic, providing a serene and luxurious ride.

CUSTOM ENGRAVING

Engraving Every Detail, Your Style Defined

Experience personalized excellence with Nibav Lifts' Custom Engraving service. Elevate your space with intricate details and unique designs like individual names or intricate patterns, the custom engravings add a touch of sophistication and individuality to your lift.

LEATHER FOLDABLE MONO CHAIR

Unfold Comfort, Embrace Luxury

Nibav Lifts' Leather Foldable Mono Chair is meticulously crafted and finished in genuine leather. This stylish seating solution offers both comfort and convenience. Elevate your comfort with this luxurious touch.

LEATHER-WRAPPED CABIN HANDLES

Exuding Elegance, Redefining Luxury

Indulge in luxury on every level with Nibav Lifts' exclusive Leather-Wrapped Door Handles. Enhancing the exterior allure, our handles seamlessly marry superior craftsmanship with contemporary design, redefining elegance and sophistication.

SECURE & CONVENIENT CABIN DOORS WITH DUAL-DOOR DESIGN

Personal Style, Perfected Elegance

Compliant with European standards, our cabin doors, featuring electric and electronic locks, ensure secure closure and meet rigorous safety requirements. The dual-door design enhances both security and convenience.

MULTIPLE COLORS

Beyond the Ordinary, Colors to Transform

Refresh your space with Nibav Lifts' latest color offerings. Our new palette features a range of contemporary hues designed to complement any decor. Elevate your lift's interior and exterior with our different metallic, textured or hydro-dipped color options, tailored to suit your unique taste and design preferences.

NEW CEILING

Designer Cabin

Elegance and Safety Uncovered

Nibav Lifts is offering you a Designer Cabin with Base and Highlight, where elegance meets personal style. The soothing base color paired with dynamic highlights enhances the aesthetic, transforming each journey into an experience of modern sophistication crafted just for you.

Concealed Fan

Whisper-Quiet Breeze, Seamless Journey

Enhance your comfort with our strategically integrated concealed fan, designed to ensure a fresh and pleasant environment in every ride. This whisper-quiet, efficient feature blends seamlessly into the lift's design, maintaining the aesthetic appeal while providing essential air circulation fit to your needs.

USER CONTROL

Advanced Control, Always Secure

Nibav Lifts are equipped with scheduled parental controls which allow parents to restrict access to certain functions of the lift as scheduled, ensuring the safety of children. In case of emergencies, you can easily initiate emergency calls for immediate assistance.

Built-In Telephone with GSM

Stay Connected, Stay Secure

Stay seamlessly connected with Nibav Lifts, boasting a built-in telephone feature, catering to your communication needs. Enjoy uninterrupted connectivity for both emergencies and daily convenience, ensuring peace of mind throughout every journey.

Alarm

Safeguarding Every Ascent, Every Moment

Experience enhanced safety and peace of mind with Nibav Lifts' alarm system. Instantly alerted to emergencies or unexpected situations, this integrated feature ensures your security, elevating safety standards throughout every journey.

Child Switch

Secure Journeys, Peaceful Minds

Ensure safety for young passengers with Nibav Lifts' child switch. Engineered for parental reassurance, this intuitive mechanism safeguards children by restricting unauthorized access or operation of the lift, fostering a secure environment for you.

Emergency Descend

Powering Safety Through Emergencies

Experience peace of mind with Nibav Lifts' Emergency Descend. Engineered for safety, this innovative system ensures swift and controlled descent during emergencies or power failures, prioritizing your security and providing reassurance in unexpected situations.

TOUCH SCREEN DISPLAY

Always-on Clock

Stay in Command, Every Minute Counts

Experience convenience at your fingertips with Nibav Lifts' touch screen display featuring an always-on clock. Seamlessly navigate lift controls while staying informed of the time, enhancing your journey with effortless functionality and timeless style.

Adjustable Mood Lighting

Illuminating Every Moment, Your Mood, Your Ambiance

Enhance your mood and ambiance with Nibav Lifts' versatile lighting options, tailored to your preferences. Whether you seek a tranquil setting for relaxation or vibrant energy for gatherings, the mood lighting package provides a range of colors and effects, perfect for any occasion.

Adjustable Fan Speed

Your Comfort, Your Control

Nibav Lifts empowers you to customize airflow according to your liking. Whether you crave a gentle breeze or brisk circulation, our user-friendly controls grant you full authority. Delight in a bespoke journey where comfort seamlessly merges with convenience, accessible with a simple touch.

Textured Finish

Texture your Ascent, Elevate with Distinctive Touches

Nibav Lifts' textured finish option helps elevate your space with distinctive touches. Choose from a variety of textures to add depth and character to your lifts' style.

Hydro Finish: Matte or Gloss

Embrace Nature's Warmth, Hydro Finish Options

Nibav's Hydro Finish options cover everything from Mahogany Brown and Russet Brown to Umber Brown, allowing you to create a truly warm setting. When you want to have the very best, the natural world is always ready and waiting.

Real Leather Finishing

Timeless Elegance, Refined to Perfection

Nibav Lifts' leather color options including Tomato Red, Ivory, White, and Pearl Beige add a refined touch that allows you to enjoy the finer things in life. The premium nature of the surface will stand the test of time for an addition to your home that speaks volumes for your taste.

CURVED DESIGNER PROFILE

01. Aluminum Door

Sculpting Elegance, Engineering Durability

Nibav Lifts feature a curved designer profile with aluminum doors combining contemporary elegance and durability for a stylish, modern access point that complements any interior design.

02. Designer Cylinder Ring

Elevating Style, Redefining Sophistication

Nibav Lifts showcases a curved designer profile enhanced by a stylish designer cylinder ring, merging sleek aesthetics with sophisticated engineering to elevate the visual appeal of your space.

03. Unicylinder

Streamlined Efficiency, Maximized Space

Nibav's unicylinder feature streamlines lift design with a single, integrated cylinder, enhancing efficiency and reliability while minimizing space usage and maintenance.

ELEVATING DESIGN, ENDLESS POSSIBILITIES

01. Springless Cabin Bottom

Seamless Design, Elevated Elegance

Our lifts feature a revolutionary design with a seamless cabin floor, free from visible springs, enhancing the interior's sleekness and spacious feel. Experience the sophistication of every detail, meticulously crafted to elevate your space.

02. Laser Cut Covers for Added Aesthetics

A Touch of Class in Every Ascent

Elevate your home's aesthetic with Nibav Lifts, featuring a laser-cut exterior logo that adds a touch of elegance and personalization, making every ride a statement in style just for you.

03. Pitless

Seamless Elevation, Endless Possibilities

Zero excavation means no dust, no insect habitats, and no need for special reinforcements. Simple installation, clean, and efficient.

04. No Extra Support Needed

Freedom to Elevate Anywhere

Nibav Lifts are engineered for seamless integration into your home without the need for special reinforcements, offering an elegant solution that simplifies installation and preserves your home's aesthetics.

05. Unbreakable Glass

Transparency in the Strength of Every Lift

Nibav Lifts are crafted with high-strength bullet proof polycarbonate glass, providing you with unmatched durability and breakage resistance, for a safer, more reliable home elevator experience.

06. Minimal Space Required

Maximize Space, Elevate Style

Nibav Lifts optimize your home's layout with an impressive 72% cabin space utilization, perfect whether tucked in a cozy corner or featured centrally.

07. No Visible Screws or Rivets

Elevate Your Space, Seamlessly

Nibav Lifts redefine aesthetics and functionality with innovative design featuring a seamless exterior and interior, devoid of any visible screws or rivets. This meticulous attention to detail not only enhances the sleek and modern appearance of your lift but also ensures a seamless and uninterrupted visual experience.

08. No Connector Holes

Flawless Finish, Seamless Style

Nibav Lifts offer a sleek, uninterrupted surface with no connector holes, presenting a cleaner, more refined look that enhances the visual appeal of your space.

09. Concealed Door Hinges

Elegance in Every Detail

Nibav Lifts feature concealed door hinges, blending seamless design with enhanced aesthetics to create a smooth, visually appealing doorway with no visible hardware.

10. No Visible Sensors

Seamless Safety, Invisible Innovation

Experience the sleek, uncluttered design of Nibav Lifts, featuring no visible sensors to maintain a clean and modern aesthetic that complements any home décor.

11. Precision Landing Lever

Smooth Stops, Seamless Experiences

Featuring a precision landing lever that delivers the smoothest ride and most exact stops, your comfort is enhanced with the latest in Nibav Lifts' unprecedented elevator technology.

12. Suspension System

Float on Air, Whisper-Quiet Suspension 2.0

Step into the tranquility of Nibav Lifts, featuring Suspension 2.0, where each ride is whisper-quiet and exceptionally smooth, significantly minimizing vibrations to ensure your ultimate comfort.

STRUCTURAL ACCESSORIES

Floor Cover Plates

Step Seamlessly, Durability Meets Design

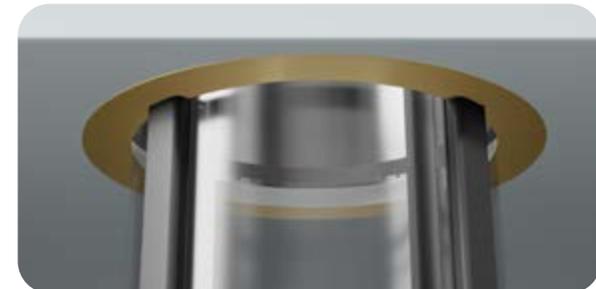

Nibav Lifts are equipped with sleek floor cover plates, designed to ensure a seamless transition between the lift and your home's floors. These plates are engineered from robust materials to withstand frequent use and provide a polished, safe entry and exit point.

Ceiling Cover Plates

Elegance and Safety Uncovered

Nibav Lifts feature stylish ceiling cover plates that elegantly conceal overhead components, enhancing the interior's aesthetics while ensuring safety. These plates are crafted from high-quality materials, offering durability and a polished look that complements the lift's modern design.

Color-Keyed Earthquake Brackets

Safety and Elegance in Perfect Harmony

Nibav Lifts prioritize safety and aesthetics with earthquake brackets seamlessly painted to match your shaft color. Designed to blend harmoniously with your interior, these brackets provide unparalleled structural reinforcement while preserving the sleek and cohesive look of your elevator design.

Built-In Head Unit

Built-In Head Unit

Simplify with Integrated Excellence

Nibav Lifts features an integrated head unit that consolidates all control mechanisms into a single, streamlined component, enhancing both the aesthetics and functionality of the lift by simplifying operation and maintenance.

Split Head Unit

Flexibility and Access in Every Design

Nibav Lifts come equipped with a split head unit, which separates the control mechanisms for enhanced flexibility and ease of installation. This design allows for better space management and accessibility, optimizing the lift's performance and maintenance.

Split Head Unit

| PERFORMANCE

ribav

30 lbs Weight Reduction

Lighter, Sleeker for Seamless Efficiency

Introducing the latest innovation from Nibav: our lifts are now engineered with a remarkable 30 lbs reduction in weight. Maintaining our commitment to cutting-edge design and functionality, these lighter lifts offer improved efficiency and performance without compromising on safety or durability. Experience the seamless elegance and enhanced functionality of Nibav Lifts, now lighter than ever before.

World's Smoothest Air-Driven Elevator

Seamless Journeys, Enhanced Comfort

Featuring the world's smoothest air-driven technology to experience the unmatched comfort and seamless transitions between floors. No more jerks and vibrations during your travel.

Eco-Friendly Operation

Efficiency in Elevation

Ascend with less, descend with none using Nibav's powerless elegance. No extra power, just smart, sustainable elevation.

Increased Weight Capacity

Empowering Your Ascent, Elevating Capacity with Confidence

Glide to the very top with luggage, groceries, and anything else you need without ever having to sacrifice performance or safety. Nibav Lifts' Series 4 has an improved capacity of 529 lbs.

Brakes 3.0

Precision in Motion, Reliability Meets Efficiency

Exceptional stopping power and uncompromising reliability ensure you always get precisely where you need to be in the quickest possible time.

Lighter and Stronger

Lighter, Stronger, Smarter

“Lighter, Stronger, Smarter” encapsulates our commitment to elevating your experience with Nibav Lifts. Enjoy a lighter ride thanks to advanced technologies, coupled with stronger materials of exceptional quality.

Motor 2.0 - The World's Only Elevator with a Lifetime Warranty on the Motor

Reliability in Motion, Performance Endures

Nibav Lifts' motors are engineered for lasting performance, guaranteeing seamless and efficient operation over the years. Motor 2.0 delivers enhanced efficiency for smoother, quieter rides. Backed by our lifetime warranty, you can rest assured in the durability and reliability of your lift's motor.

Fused Locking Technology

Flawless Fusion, Effortless Function

Enhance your home with Nibav's Fused Locking Technology, where two seamlessly united cylinders and our revolutionary new Carbon Seal create a flawless, maintenance-free integration, ensuring smooth and secure operation just for you.

Isolation Pads

Quiet Comfort on Every Level

Experience serene ascents with Nibav Lifts, where our innovative Isolation Pads for the motor ensure that no vibrations reach you, delivering an impeccably smooth and quiet ride every time.

Programmable Auto Return

Ready When You Are, Every Time

Step into convenience with Nibav Lifts, featuring our Programmable Auto Return that presets your home floor, ensuring your lift is always waiting for you when you are there.

Quiet 3.0 - World's Quietest Air-Driven Lifts

Silence Redefined, Comfort Re-imagined

Step into the serene quiet of Nibav's Quiet 3.0, the latest in air-driven elevator technology using silent mainboard technology, designed to ensure that your ride is not only ultra-smooth but also whisper-quiet, enhancing the tranquility of your home environment.

Lifetime Warranty on Carbon Seal

Flawless Integration, Unseen Innovation

Discover the art of invisible integration with Nibav's carbon seal, creating flawless joints in our lifts that not only enhance performance but also maintain a sleek, seamless appearance just for you.

| SAFETY

Rapid Rescue Latch (RRL)

Rapid Rescue, Rapid Response

Nibav Lifts are equipped with a Rapid Rescue Latch, ensuring that cabin doors can be quickly and safely opened in an emergency, providing you peace of mind and enhanced safety.

Battery 2.0

Reliable Power, Reliable Safety

Stay safe and comfortable in any situation with Nibav's innovative Battery 2.0, designed to keep essential services like lights and fans operational during power outages, ensuring you always have power when you need it most.

5 Layers of Safety

Five Layers of Safety, One Peace of Mind

Experience unmatched safety with Nibav's four-layer battery system: lift battery, auxiliary battery, cabin battery, and an additional layer for immediate assistance along with a Rapid Rescue Latch (RRL), ensuring you are always secure and supported, even during unexpected power failures.

Smart Overload Alert

Safety in Every Lift

The Smart Overload Alert feature in Nibav Lifts ensures your safety by restricting operation when the lift exceeds its maximum weight capacity.

CURVED DESIGNER PROFILE

Polycarbonate Glass

Elevating Safety to New Heights

Nibav Lifts are manufactured with safety as a top priority while maintaining elegance. Our lifts are constructed using robust polycarbonate glass, ensuring exceptional strength and security. Rest assured, our lifts offer unmatched safety for you.

Cabin Door with Detection System

Advanced Security, Smooth Ascents

Nibav Lifts are equipped with advanced electric and electronic locking systems, ensuring you optimal safety and security with every ride, while providing smooth and easy access.

ALWAYS READY PHONE SUPPORT

Seamless Communication

Support on Demand, Just a Call Away

At Nibav Lifts, we prioritize your safety and convenience with Always Ready Phone Support. Our advanced system provides assistance at your fingertips, empowering you with seamless communication whenever you need help, ensuring peace of mind with every ride.

Smart On-Site Support

Assistance Ready, Anywhere, Anytime

Nibav Lifts understands the urgency of your needs. That's why our lifts come equipped with Smart On-Site Support, ensuring specialist teams are always on standby. When you need assistance, we're right there with you, every step of the way.

Stationary GSM

Stay Connected, Even in the Unexpected

Nibav Home Lifts are the only ones in the market equipped with a standard GSM telephone, ensuring that you can always reach out in emergencies, especially in a world where landlines are becoming obsolete. Our unique stationary GSM system keeps the network device static, providing consistent connectivity, regardless of the elevator's position or potential network dead zones within your house.

GRANDE - TALLER DOORS & CABIN

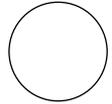

Enriched Comfort for Every Passenger

Experience uncompromised comfort with Nibav Lifts' Grande Edition, offering higher doors and taller cabins tailored for taller individuals. Designed for spaciousness and convenience, this edition ensures a comfortable and accommodating ride for everyone.
